

CHAINNOVA NETWORK CHNET OFFICIAL WHITEPAPER

Version 1.1 | Aug 2026

1. ABSTRACT: CHAINNOVA NETWORK is a next-generation decentralized ecosystem built on **BNB Smart Chain (BSC)**.

Our mission is to provide fast, low-cost, and accessible Web3 infrastructure for DeFi, NFTs, GameFi, and real-world asset tokenization.

The **CHNET token** is the native utility and governance token that powers every product, service, and community decision within the CHAINNOVA ecosystem.

2. INTRODUCTION: The blockchain industry needs scalable, affordable, and community-driven networks.

CHAINNOVA NETWORK leverages the power of **BNB Smart Chain** to deliver EVM-compatible infrastructure with sub-cent fees and 3-second finality.

CHNET is not a stablecoin. It is a dynamic BEP-20 cryptocurrency whose value is driven by real utility, adoption, staking, and governance.

3. VISION & MISSION

Vision: To become the leading launchpad and infrastructure layer for builders on BSC.

Mission:

1. Empower developers with simple tools to launch on BSC
2. Reward the community through staking, governance, and ecosystem growth
3. Drive adoption of decentralized finance and digital assets

4. THE CHNET TOKEN

- **Name:** CHAINNOVA NETWORK
- **Ticker:** CHNET
- **Blockchain:** BNB Smart Chain
- **Token Standard:** BEP-20
- **Contract Address:** TBA
- **Type:** Utility, Governance, and Staking Token

Core Utilities

1. Transaction Fees: CHNET is used for all fees within CHAINNOVA dApps, launchpad, and services
2. Staking: Secure the ecosystem and earn passive rewards by staking CHNET
3. Governance: Vote on proposals, funding, and future upgrades via CHNET
4. Ecosystem Access: Required for IDO allocations, NFT mints, and premium features
5. Incentives: Rewards for liquidity providers, developers, and community contributors

5. TOKENOMICS

Total Supply: 1,000,000,000 CHNET

Allocation Percentage Details

Ecosystem & Grants: 30% Developer grants, partnerships, growth

Staking Rewards: 20% Distributed over 4 years

Treasury / DAO: 15% Community governed treasury

Team & Advisors: 15% 24-month linear vesting, 6-month cliff

Public Sale / IDO: 20% Fair launch and CEX listings

Deflationary Mechanism

1% of every CHNET transfer is automatically burned. Additional CHNET is burned from platform fees to create long-term scarcity.

6. Use of Funds: The funds raised from token sales and allocated to the CHAINNOVA Treasury and Ecosystem will be used transparently to grow and sustain the CHNET ecosystem. This covers **30% of total supply** = '300,000,000 CHNET' based on 1,000,000,000 total supply.

Allocation Breakdown:

1. 40% - Marketing & Partnerships: 120,000,000 CHNET

Global marketing campaigns, influencer collaborations, community growth, KOLs, and strategic partnerships with BSC projects and launchpads.

2. 30% - Development & Product: 90,000,000 CHNET

Smart contract development, dApp features, BSC ecosystem integrations, security audits, bug bounties, and continuous platform upgrades.

3. 20% - CEX Listings & Liquidity: 60,000,000 CHNET

Exchange listing fees for Tier-2 and Tier-1 CEXs, market making, and additional liquidity

provisioning to ensure healthy trading volume.

4. 10% - Legal, Audit & Compliance: 30,000,000 CHNET

Third-party smart contract audits, team KYC, legal structuring, and regulatory compliance to meet exchange and platform requirements.

Total: 100% - 300,000,000 CHNET

Transparency:

All treasury wallets will be publicly disclosed. Quarterly reports on fund usage will be published to the community.

7. TECHNOLOGY - BUILT ON BSC:

By building on BNB Smart Chain, CHAINNOVA delivers:

- EVM Compatible: Deploy any Solidity smart contract with no changes
- Ultra Low Fees: Average transaction cost < \$0.01
- High Speed: ~3 second block times
- Security: Backed by BSC validator network
- Interoperability: Native BSC bridges and cross-chain support, Arbitrum, and more
- Wallet Support: MetaMask, Trust Wallet, SafePal, and all major BSC wallets

8. ECOSYSTEM PRODUCTS

1. CHAINNOVA Launchpad: IDO platform for vetted BSC projects
2. CHAINNOVA DEX: Native swap and liquidity platform
3. CHAINNOVA NFT Marketplace: Mint, trade, and stake NFTs
4. CHAINNOVA Staking Hub: Single dashboard for all staking pools
5. CHAINNOVA RWA: Platform for tokenizing real-world assets

9. ROADMAP:

Q4 2025

- CHNET Token Launch
- PancakeSwap Listing
- Staking V1 Launch

Q1 2026

- CHAINNOVA Launchpad V1
- Governance DAO Activation

- CEX Listings

Q2 2026

- NFT Marketplace Launch
- GameFi Partnerships
- Mobile App

Q3 2026

- Cross-Chain Bridge
- RWA Tokenization Platform
- Global Marketing Expansion

10. TEAM & COMMUNITY

CHAINNOVA is built by a global team of Web3 developers, DeFi experts, and community leaders.

We operate as a DAO-first organization. Major decisions are made by CHNET holders.

11. SECURITY & AUDIT: Smart contract will be audited by Certik / Hacken / TechRate. Contract will be renounced after liquidity lock.

12. Liquidity: Initial LP will be locked for 12 months on DxSale/PinkSale. 5% of supply allocated to CEX/DEX liquidity.

13. Team Doxxing/KYC Planned: Team & Governance CHAINNOVA NETWORK is developed by a global team of Web3 engineers, DeFi strategists, and BSC ecosystem builders. To protect team privacy during early stages, core contributors operate under pseudonyms. KYC and audit processes are scheduled with Assure DeFi / PinkSale KYC prior to Tier-1 CEX listings. All treasury and dev wallets will be multi-sig and publicly disclosed on-chain for transparency.

LEGAL & DISCLAIMER + RISK:

CHNET is a cryptocurrency token on BNB Smart Chain. It is not a stablecoin and its price is subject to high volatility. This whitepaper is for informational purposes only and does not constitute financial, legal, or investment advice. Participation in the CHAINNOVA ecosystem involves risk. Always do your own research - DYOR.

This is not financial advice. Crypto is volatile. CHNET has no intrinsic value.
